Invitation to Partner

The Board of Directors of the SC Sheriffs' Association would like to extend an invitation to you and your company to join the SC Sheriffs' Association Corporate Partner program. This program has been created in an effort to foster stronger relationships between the South Carolina Sheriffs' Association and businesses who support our mission.

The concept of the Corporate Partner program allows a company to submit a single annual payment that will ensure participation in the winter and annual summer conferences, as well as receive special recognition throughout the year.

This is an incredible opportunity for your business to reach target audiences and be sure that you are represented at all SCSA events. We hope that you will take time to consider the SCSA Corporate Partner program.

Your Investment is Making a Difference

We understand that companies are inundated with requests to donate resources to organizations on a regular basis. We further understand that your resources are limited and you must see a great return on your investment. Therefore, it is our goal to ensure that our Corporate Partners receive every opportunity to increase their companies' profit while simultaneously providing quality service to the Sheriffs of South Carolina.

Please understand that your investment as a Corporate Partner will not only increase your opportunity to grow as a company, but it will also have a direct impact on the quality of service Sheriffs' Offices are able to offer the citizens of South Carolina. Simply put, your investment in the South Carolina Sheriffs' Association is making an even greater difference than you could ever imagine!

Each of our conferences feature specialized training for the sheriffs of our state. In many cases, these events provide sheriffs with critical training that they would not get anywhere else. If you would like to increase your business and serve the Sheriffs of South Carolina, please consider becoming a Corporate Partner today!
